10. DISCLAIMER

We aim to treat our clients fairly by giving you the information you need in as simple a way as possible to enable you to make informed decisions about your investments.

- We believe in the value of sound advice and so recommend that you consult a financial planner before buying or selling unit trusts. You may however, buy and sell without the help of a financial planner. If you do use a financial planner, we remind you that they are entitled to certain negotiable planner fees or commissions.
- You should ideally see unit trusts as a medium to long term investment. The fluctuations of particular investment strategies affect how a fund performs. Your fund value may go up or down. Therefore, we cannot guarantee the investment capital or return of your investment. How a fund has performed in the past does not necessarily indicate how it will perform in the future.
- Our cut-off times for client transactions (e.g. buying and selling) is at 15:00 each working day for all funds, except the Money Market Fund, which is 11:00. We value our funds at 15:00, except for the Money Market Fund which is valued at 13:00. At month-end we value all the SIS Fund of Funds at 17:00 close). Daily prices are available on request from our contact centre (+27(0)21 524 5017) and in the media.
- The daily ruling price is based on the current market value of the fund's assets plus income minus expenses (NAV of the portfolio) divided by the number of units in issue. Strategic Investment Service Management Company (RF) (Pty) Ltd has the right to close a portfolio to new investors in order to manage it more efficiently in accordance with its mandate.
- You should ideally see unit trusts as a medium to long term investment. The fluctuations of particular investment strategies affect how a fund performs. Your fund value may go up or down. Therefore, we cannot guarantee the investment capital or return of your investment. How a fund has performed in the past does not necessarily indicate how it will perform in the future.
- Funds may borrow to pay client disinvestments and may engage in scrip lending. A process of ring-fencing of withdrawal instructions and managed pay-outs over time may be followed should excessive withdrawals from a fund place the fund under liquidity pressures.
- Strategic Investment Service Management Company (RF) (Pty) Ltd, Registration Number 1997/022003/07 is a registered manager in terms of the Collective Investment Schemes Control Act 45 of 2002. Money Market Funds:

A Money Market Fund is not a bank deposit account. Its unit price aims to be constant but investment capital is not guaranteed. The total return is primarily made up of interest (declared daily at 13:00) but may also include any gain/loss on any particular instrument. In most cases this will merely have the effect of increasing or decreasing the daily yield, but in the case of abnormal losses, it can have the effect of reducing the capital value of the fund. The published yield is calculated using the average of the fund's previous seven days' net income (and assumes all income was reinvested). This figure is then annualised, which is the weighted average compound growth rate.

Fund of Funds:

A fund of funds is a portfolio that invests in other funds in order to meet the investment objective of the fund of funds. Fund of funds can invest in local, foreign or offshore funds which levy their own charges, and may result in a higher fee structure

Funds holding foreign assets:

Some funds hold assets in foreign countries and therefore may have risks, in these countries, regarding liquidity, the repatriation of funds, political and macro-economic situations, foreign exchange, tax, settlement and the availability of information.
